BY-LAW, 1913.

A By-law to provide for draining Parts of the Township of Chilliwack and for borrowing on the Credit of the Municipality the Sum of \$511.20 for completing the same. Provisionally adopted the 20th day of January, 1913.

WHEREAS a majority in number and value of the owners, as shown by the last revised assessment roll, of the property hereinafter set forth to be benefited by the drainage have petitioned the Council of the said township, praying that the North Half of the West Half of the South-west Quarter of Section 32, Township 29; the South Half of the West Half of the South-west Quarter of Section 32, Township 29; part of the East Half of the South-east Quarter of Section 31, Township 29; the North Half of Section 27, Township 2, Range 29 west of the Coast meridian; the West Half of the North-west Quarter of Section 32, Township 29, be drained;

And whereas thereupon the said Council procured an examination to be made by R. A. Henderson, British Columbia land surveyor, being a person competent for such purpose, of the said locality proposed to be drained, and has also procured plans and estimates of the work to be made by the said R. A. Henderson, and an assessment to be made by him of the land and roads to be benefited by such drainage, stating as clearly as he can the proportion of benefit which, in his opinion, will be derived in consequence of such drainage by every lot or portion of lot, the said assessment so made being the assessment hereinafter by this by-law enacted to be assessed and levied upon the lots and parts of lots hereinafter in that behalf specially set

forth and described, and the report of the said R. A. Henderson in respect thereof and of the said drainage being as follows:—

“Enclosed you will find plan, profile, and estimate of proposed ditch: Commencing at a point on the south side of the Chilliwack Central Road situate in Section 27, Township 2, Range 28 W.C.M., to a point on the bank of the Dunville Creek situate in the North-east Quarter Section 31, Township 29 E.C.M. R. A. HENDERSON, M.C.E.”

And whereas the said Council is of opinion that the drainage of the locality described is desirable: Be it therefore enacted by the said Municipal Council of the said Township of Chilliwack, pursuant to the provisions of the “Municipal Act”:—

1. That the said report, plans, and estimates be adopted, and the said drain and the works connected therewith be made and constructed in accordance therewith.

2. That the Reeve of the said township may borrow on the credit of the Corporation of the said township the sum of \$511.20, being the funds necessary for the work, and may issue debentures of the Corporation to that amount in sums of not less than one hundred dollars each, and payable within three (3) years from the date thereof, with interest at the rate of six (6) per centum per annum; that is to say, in annual payments.

3. That for the purpose of paying the sum of \$511.20, being the amount charged against the said lands so to be benefited as aforesaid, other than the lands belonging to the municipality, and to cover interest thereon for three (3) years at the rate of six (6) per centum per annum, the following special rates, over and above all other rates, shall be assessed and levied upon the undermentioned lots and parts of lots; and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot respectively shall be assessed and levied as aforesaid in each year for three (3) years after the final passing of this by-law:—

Order No. 18490.

THE  
BOARD OF RAILWAY COMMISSIONERS  
FOR CANADA.

Tuesday, the 14th day of January, A.D. 1913.

H. L. Drayton, K.C., Chief Commissioner;  
D'Arcy Scott, Assistant Chief Commissioner;  
James Mills, Commissioner; S. J. McLean,  
Commissioner; A. S. Goodeve, Commissioner.

In the Matter of the Application of the Minister of Railways for the Province of British Columbia, under subsec. (2) of section 232 of the "Railway Act," for an Order directing that the pivotal span in the railway-bridge over the Fraser River, at New Westminster, in the Province of British Columbia, be opened only for the passage up or down the river of such ships, barges, boats, or other vessels as cannot, by the adoption of a hinge or similar device, lower their smoke-stacks, funnels, masts, flagstuffs, or other similar erections and pass under the bridge without the pivotal span thereof being opened.

UPON the hearing of the application at the sittings of the Board held in the City of Vancouver on the 27th and 29th days of July, and the 28th day of November, 1912, the applicant, The British Columbia Electric Railway Company, and the Canadian Western Lumber Company, Limited, being represented by counsel at the hearing, and what was alleged; and upon the reading of what has been submitted in writing in support of the application and on behalf of the interests opposed to the granting of the order:

It is ordered that the following regulations governing the opening and closing of the pivotal span of the said railway-bridge over the Fraser River, at New Westminster, filed by the applicant, and consented to by the parties in interest, be, and they are hereby approved and adopted, namely:—

The operation of the pivotal or swing span of the railway-bridge across the Fraser River at New Westminster shall be under the direct control of the Superintendent of the bridge, who shall be governed by the following regulations in the operation of the same:—

1. The signal to be given by a steamer to have the swing opened shall be three long blasts of the whistle.

2. The span shall be opened with the least possible delay upon receiving the prescribed signal, excepting when there is a train actually within the "home signals" of the interlocking system, or in motion towards the bridge between the "distant" and "home" signals, in sight of the operator in the tower-house of the bridge; and then, not until after the train has passed and is clear of the "home" signal at the opposite end of the bridge.

3. (a.) On the top of the steel-work of the swing span, at a point about 50 feet north of the tower-house, there shall be erected a double-arm semaphore signal, the whole of which shall be painted white and the arms painted orange-yellow. For night signals this semaphore shall be fitted with spectacle castings and lamp, one to display a red light and the other an orange-yellow light:

(b.) The normal position of the above signal shall be "bridge closed"; that is to say, *in the daytime*, the arms shall extend at right angles to the pole, facing up and down the stream, and *at night* the signal "bridge closed" shall be indicated by the red spectacle light:

(c.) *In the daytime* the signal "bridge opened" shall be indicated by the arms of the semaphore in the upper quadrant, that is to say, in a vertical position; *at night*, the signal "bridge opening" shall be indicated by the orange-yellow spectacle light:

(d.) In thick and foggy weather the signal from the bridge shall be a fog-horn blown in the manner following: (1) At all times, when the bridge is closed and as a signal for "bridge closed," two long blasts of the fog-horn shall be blown and repeated at intervals of ten seconds; (2) when the bridge is ready to be opened and as a signal for "bridge

opening" three long blasts of the fog-horn shall be blown and repeated at intervals of ten seconds, and continued until the vessel has passed through and is clear of the bridge.

4. The said span shall be opened only for the passage up and down the river of all ships, barges, boats, or other vessels as habitually use the said Fraser River, and cannot, by the adoption of a hinge or similar device, lower their smoke-stacks, funnels, masts, flagstuffs, or other similar erections and pass under any portion of the said bridge when the pivotal span thereof is closed. A ship, barge, boat, or other vessel shall be deemed to use the said Fraser River habitually if it has passed up and down, through or under the said bridge, more than three times in any one year.

5. The failure of any ship, barge, boat, or other vessel to comply with these regulations, after one warning by the bridge-tender controlling the said bridge, shall be a sufficient cause for a refusal to open the swing span for the accommodation of such ship, barge, boat, or other vessel; but the captain or master of the said ship, barge, boat, or other vessel may present a request in writing to the said bridge-tender for permission to pass, and the bridge-tender may, at his discretion, open the swing span for the purpose of allowing the said ship, barge, boat, or other vessel to pass through at such times and in such manner as he may think proper.

6. Notwithstanding anything in these regulations contained, the operation of the swing span of this bridge shall be at all times under the control and direction of the bridge-tender, who may, in his discretion, stop a train and block or otherwise direct traffic either across the bridge or on the water in such manner as in his opinion may best suit the exigencies of any particular case or set of circumstances demanding or calling for any alteration or deviation from these rules; and no ship, barge, boat, or other vessel shall attempt to pass through the said bridge span until they have received from the bridge-tender the necessary signals instructing them that the passage is clear.

7. These regulations shall be effective on and after the first day of May, A.D. 1913.
